Alma Mater

Beneath the Jersey skies so blue, in Montclair's mountain town,
there stands our College, tried and true and growing in renown.
We love thy campus, love thy halls, and of to thee we raise,
with loyal lips and loyal hearts, united songs of praise.

All hail to thee Montclair, to thee our voices raise.
Alma mater, dear Montclair, our undying hymn of praise.

We love thy colors, dear Montclair, the scarlet and the white;
may they forever help us dare to choose and do the right.
And tho' in after years our fate may lead us far apart,
nor time nor space may separate the ties that bind our heart.

All hail to thee Montclair, to thee our voices raise.
Alma mater, dear Montclair, our undying hymn of praise.

Dear Members of the Class of 2013:

"La Campana", the student yearbook at Montclair State University presents you its ninety- fourth year with this 2013 edition. It is a pictorial depiction of campus life of the 2012 – 2013 academic year. In my office, we have collected volumes over the decades. I believe you will find that this book becomes more valuable to you as the years go by. It allows you to look back at your time at Montclair State University and remember all of the great experiences you have had during your college years. As you browse the yearbook, you can review the ever changing landscape of the campus and remember how you learned and changed as well. The oldest edition I found in in my office is from 1926, and it was called, "The Montclairion". By 1930, the name had become, "La Campanilla". In 1930, like today, they boasted their pride of the place. Here is a direct quote from that year:

> There are at present four buildings on the campus. There are two dormitories, Edward Russ Hall, which was completed in 1912, and Chapin Hall which was completed in 1928. The administration building, College Hall, is the principal building and contains the class rooms, auditorium and library. The newest building to be added is the College High School. The building reflects the newest ideas in school design and is equipped with a miniature stage, laboratories and classrooms.

All of the buildings mentioned in the 1930 yearbook, still exist and have served as the inspiration for all the newer structures on campus through their commanding Spanish Mission influence. In the direct quote above, you may be wondering what the College High School is; it is now called Morehead Hall.

The newer facilities that you have had an opportunity to use were influenced by the original Montclair architecture. Your campus has become larger and more beautiful, reflecting the quality education you have received. We hope you will come back often and enjoy what you helped build and what is yet to come.

Congratulations on all the years of study and hard work that have resulted in graduation from Montclair State University. Completing an undergraduate degree is an accomplishment shared by a very small percentage of the population; cherish the experience. As you establish yourself in your new life and career, take with you the tools and values you learned from your family and acquired at the University to help you be and achieve all of your hopes and dreams. Continue to aim high. Choose compassion over complacency and prize courage over comfort. Use your imagination, ingenuity and audacity to explore, discover and change a world encountering ceaseless and kaleidoscopic challenges. Become an engaged and responsible citizen. Be a mentor and trusted friend. Embark on new adventures and continue to grow as an educated, ethical and caring person.

I am confident you will make the right choices and do the right things. Go out into your community and the world and make your mark. We are proud that you are alumni of Montclair State University. You have my sincere best wishes for a happy, healthy and productive future.

Sincerely,

Dr. Karen L. Pennington

Rhythm Nation

The purpose of Rhythm Nation Dance Club (RNDC) is to provide an opportunity for students to learn how to dance and to continue their passion for dance. To join this organization one need not be a Dance major. RNDC performs on and off campus to benefit the community. They also raise money for charitable and worthy causes, but most importantly, they entertain.RNDC differs from other organizations because there is no selection process to become a member; everyone is welcome regardless of his/her level or preferred style of dance. RNDC is also the only dance-based organization recognized by the SGA. Eight years ago, Rhythm Nation was founded with only four members; to their credit, their membership has significantly grown each year. This steady increase in membership brings more talent and diversity to the campus. Additionally, RNDC has had the privilege of receiving the award for Class III Organization of the Year in 2010. It is obvious RNDC benefits the campus community by performing at various events by bringing excitement to those events through dance. Most importantly, this organization provides an outlet for students to dance, to relieve stress, and to continue doing what they love.
